

## Agenda for Haskell QuantLib 12/3/14

- Synopsis: I attached the synopsis, if you wish to read it beforehand.
  - **Project size:** why I only picked vanillaswap.
  - **Time Schedule:** The synopsis time schedule and my thoughts on time management.
  - **General thoughts:** If you have anything to add.
- Class Diagram: I could not attach the class diagram, as it is quite large.
  - **QL full class diagram:** Need a smart way to limiting this.
  - **Implementation cycles:** The way i plan on working.
